## Workshop on

### “Quality Enhancement in Basic Computers - Level II” (A MAC-IQAC Initiative)

March 01, 2016

After the success of IQAC workshop Level I, a Computer workshop titled: “**Quality Enhancement in Basic Computers - Level II**”, second in the series, for the students and faculty, was organised in association with department of Computer Science, in the college on March 1, 2016. The objective of the workshop was to provide an opportunity to the students and faculty to enhance computer skills at advance level on the topics, which were covered in the **Level I**.

The workshop started with the hands-on session for the students in the Computer Lab, conducted by faculty of department of Computer Science. The training session was attended by around 30-35 students mainly from B.A. (H) Hindi and B.A.(Prog.) students. The students, who had already attended the Level I workshop could complete the given exercises in quite skilled manner. The new students who joined Level II, were briefed about the level I concepts quickly and were brought at the same level by our student volunteers. Our student volunteers from B.Sc. Physical Sc. & Mathematical Sc. Courses, provided personalised and dedicated help to our training students once again. The Students thoroughly enjoyed the learning sessions.

Way Forward: Level III workshop is scheduled to be organised towards the end of March 2016 to cover another dimension of computer skill.

The workshop was coordinated by Dr Shashi Singh, Associate Professor of Hindi and member IQAC and Dr Kalpana, Assistant Professor, Dept. of Computer Science.
