

**TRAINING & PLACEMENT CELL
ANNUAL REPORT 2018-19
MAHARAJA AGRASEN COLLEGE
University of Delhi**

Message from the Principal

The sole aim of the Training & Placement Cell is to make **Maharaja Agrasen College**, the centre of excellence in the region. The advancement of technology has shrunk the world and revolutionized our lives. At the same time, it has broadened the scope and redefined trends in the field of education. In the present era of globalization, the multi-national companies are ruling the market. There is buoyancy in the job market of the public and private sector, the team plays special emphasis to create an environment highly conducive for building solid foundation of knowledge, communication skills, soft skills, personality development, self-discipline and enhancement of creativity through motivation and drive, which helps to produce professionals well trained for the rigors of life.

The Training and Placement Cell acts as a bridge between the industry and institution to take up industrial training, industrial visits, organizing seminars and other activities. Placement brochures are sent to the reputed industries & organizations. Students are actively involved in these activities. The Training and Placement Cell organized guest lectures during the academic year featuring experts from various industries because no professional education is complete without adequate input from the industry. Students have found Maharaja Agrasen College to be an effective launching platform. The skills of our students have been appreciated at various campus drives and we have achieved excellent placements. Our students have gained placements to some of the world's best companies. Many students are doing well in higher studies at different universities.

All the faculty members of the Training and Placement Cell mentored a team of 27 students from different streams and have put in humongous efforts in order to achieve new heights. MAC is adorned with distinguished faculty members, visiting faculty and dignitaries from various fields to provide individual guidance and counselling through seminars and workshops. They generate awareness in students regarding future career options available to them. Their guidelines and vision mould students to build international standards.

I wish the entire team success in their endeavours.

DR. SUNIL SONDHI

MOVING AHEAD

The world is evolving at a very fast pace. Current scenario demands the ability to learn, unlearn and relearn things. It has always remained a challenge for academia to produce industry ready people. The Training and Placement Cell is one of the integral part of our college. Training & Placement activities are organized throughout the year with a view to prepare the students to appear in the recruitment process with confidence.

At the Cell, our mission is to produce professionally competent students by providing value-based and quality education to students and to make them adaptable to ever changing demands and requirements of the world. The prime strengths of the institute are highly competent students, dedicated and research-oriented faculty, staff and state-of-the-art infrastructure. We share a wonderful relationship with the industry as they continue to seek our assistance in various projects where our students participate actively. We have always fulfilled the expectations of our past recruiters and hope to give our best in the coming years also.

To build such a platform requires intensive efforts of students and guiding support of faculty. Every student dreams of working in well-known organizations, but it cannot be done just by hoping for it. Students with a strong will to lift the placements of the college should come forward and join the Cell. Working for the cell is in itself a chance to train and test managerial, leadership and communication skills that the corporates look for. The work at the cell is demanding and challenging but the learning one gets through working at the cell for a year or more is commendable. Not only does it make students more competent, but also makes them aware of the newest trends, ongoing demands and scenarios of the professional world. Students manage everything from contacting companies, organizing seminars, managing operations to managing the social media presence. Co-ordinating with a team of twenty- seven members to deliver time bound tasks continuously for months is not a game of the ordinary; the TPC provides students with training ground to master team work and leadership ability through hands on experience. The efforts put in by the complete student body team, especially Mr. Ayush Chawla - President Student Body, are indeed commendable.

I express my heart felt gratitude to Dr. Sunil Sondhi for his dynamic and visionary leadership - this could not have been possible without his constant support and guidance. I am thankful to Dr. Puneeta Aggarwal and Dr. Sanjeev Kumar Tiwari for their constant cooperation and backing. I would also like to thank my colleagues, namely Dr. Anshul Taneja, Dr. Niraj Kumar, Dr. Chhavi Bhatnagar, Dr. Sachin Kumar, Dr. Kingaule Newme, Mr. Amit Kumar, Dr. Rachita Kauldhar, Ms. Preeti Goel, Mr. Vikas Mittal and Mr. Ashutosh for their involvement in the centre and guiding the students to achieve Training Placement Cell's tasks.

MR. YOGESHWAR SINGH
Coordinator

WORKING TOGETHER

MAHARAJA AGRASEN COLLEGE has stood upright on the resilient foundations of meritorious faculty, distinguished alumni and talented students. The institute has been imparting quality management education to sincere, proactive and committed students for the past 25 years, and has been a catalyst in providing them with outstanding career opportunities.

Being a part of the Training and Placement Cell, started with a basic goal to ensure placements for all the graduating final year students. It also strives to guide the remaining students in achieving their career objectives through adequate personality and skill development programmes. It is indeed a great challenge to create a strong hold for Maharaja Agrasen College in global panorama.

We at the Training and Placement Cell acknowledge the highly dynamic business environment and have been perceptive to the evolving needs of the corporate world. Over the years, we continue to stay attuned to these changing requirements through various facets of our academia and curriculum.

I feel very glad to see that amidst the growing challenges, the team of dedicated students relentlessly working towards achieving the core objectives. The enthusiastic attitude of the students is impressive thus far and I believe that such generous efforts will definitely bring forth dividends. I envision that within a very short period Maharaja Agrasen College will achieve immense recognition and will become one of the most preferred institutes for recruiting agencies.

The pool of faculties who are constantly guiding the students of the college in all of their constructive endeavours, are a strong support towards achieving the core objectives. I would especially like to thank Mr. Yogeshwar Singh and Dr. Sachin Kumar for their constant support and guidance.

I firmly believe that the able leadership of Principal Sir, Dr. Sunil Sondhi, conscious efforts from faculty members and dedication from the student community will guide towards the right direction of success to prove our credibility. I wish the Training and Placement cell, Maharaja Agrasen College a grand success.

AYUSH CHAWLA

President, Student Body

Training and Placement Cell

We would like to thank the students of the Training and Placement Cell for their assiduous contribution towards the betterment of the college. The efforts and initiative of the students were an asset towards achieving the goals, which were complemented by the guidance of our teacher coordinators.

Our special gratitude goes to Mr. Yogeshwar our teacher coordinator for always guiding us and motivating us to push our limits and thrive for better. We are thankful to Dr. Anshul Taneja & Dr. Niraj Kumar for believing in us and inspiring us to achieve greater heights for the cell. We are also thankful for the constant support and guidance of our teacher Dr. Chhavi Bhatnagar, Dr. Sachin Kumar, Mr. Amit Kumar, Dr. Kingaule Newme, Dr. Rachita Kauldhar, Ms. Preeti Goel, Mr. Vikas Mittal and Mr. Ashutosh.

Ayush Chawla, the student body president, has been the backbone of the Training and Placement Cell and has contributed immensely for the smooth functioning of the Cell. His brilliant communication skills and zealous attitude resulted in great turnout of companies for placements and internships.

To get a team together, takes a lot of groundwork to build the foundation, which could not have been possible without the humongous efforts put in by Kriti Rathi, Akshay Devgun and Akshay Gaur. They constantly came up with ideas to meet the vision and achieve the mission of the Cell.

Like every startup, our team also had a lag in the beginning but we never lost confidence in the team. Without the help of Raag, Ananya, Meet, Keshav, Ayush and Prateek, we wouldn't have gotten the placement approaches right. On the other hand, Bhargavi, Ritwik, Garima, Abhin and Rudranshi always helped in bringing the best trainers from corporate for the students. Harshit, Shreya, Shivalika and Prachi helped in organizing and making every event a huge success. The earnest support of Abhishek, Navjot, Suryansh, Akash, Shubham and Yash proved to be a strength in conducting workshops and training programmes.

All the student coordinators along with the members worked as a team which has driven the Training and Placement Cell to touch new heights. In the coming years, we would surely witness tremendous placement statistics which would bring laurels to Maharaja Agrasen College.

Mr. Ayush Chawla had been elected as the student's body president during the commencement of the academic year and 26 other team members on the basis of the screening by the teachers. The Training and Placement Cell had started with the vision of creating and sustaining the conditions that enable all the students of Maharaja Agrasen College to experience an unparallel educational journey that is intellectually, socially, and personally transformative. All the students must have the required skill set which makes them ready to set their feet into the field of their choice.

The Cell aims at making available quality placement opportunities for the students of the college. It acts as an interface between students and various recruiters who come to the college to offer various opportunities.

The Cell maintains constant contact with the students of the college through its social media accounts. It also ensures that regular emails are sent to the students, notifying them about the companies that would be visit-

ing and about training programmes being held, thereby encouraging them to apply for the recruitment programmes/training programmes.

Various measures were taken in order to hone the skill set of the team and various informative sessions were held in order to increase the team coordination. The cell is, therefore, divided into four subheads and students are given tasks/roles which is subject to change during academic year, if required; This ensures a smooth flow of operations by the team along with overall development of the members. The following are the subteams in which the cell is divided :

- Placement Team
- Training Team
- Social Media Team
- Internship Team

Student coordinators along with the team, have put humongous efforts for a smooth functioning of the Training and Placement Cell. Their zealous attitude resulted in a great turnout of companies for Placement/Internship drives in the college.

TRAINING ACTIVITIES/ SEMINARS/ WORKSHOPS CONDUCTED

This year, the Cell had organised several workshops & seminars for the students of the college. The Training and Placement Cell started functioning with a clear objective of ensuring a higher placement record and better reach to the students.

To facilitate this objective, The Training and Placement Cell of Maharaja Agrasen College organized **INSPIRE 2k18**- A motivational talk session by **Mr.Vineet Tandon** on 29th of August 2018 in Sardar Vallabh Bhai Patel Auditorium. The topic of the motivational talk was Discipline and Success. The event was attended by more than 500 students.

The National Association of Software and Services Companies (NASSCOM) is a trade association of Indian Information Technology (IIT) and Business Process Outsourcing (BPO) industry. Established in 1988, NASSCOM is a non-profit organisation. The cell has organised a twelve days workshop on SOFT -SKILLS for non-teaching staff of the college.

In the month of October, the Cell invited Ms. Amiliyaa Syed, an expert in training and personality development from GTT and NASSCOM for conducting a session on CV building. The session aimed at improving students' CV building skills. The workshop also provided an exposure to the students in screening tests conducted by firms during their hiring process. The team polished the CV of the students beforehand applying to the corporates by providing them with a suitable format and guidelines.

Barclays is a British multinational investment bank and financial services company, headquartered in Lon-

don.

The Training and Placement Cell organised an office visit for 24 students of the college to Barclays corporate office, Sector-62 Noida on 10th & 11th October 2018. During the visit the students were briefed on the company's background and were also given a glimpse of the corporate environment. During the visit, students learnt a lot about work ethics, corporate culture and Client- Business relationship.

Confederation of Indian Industry

CII is a non-government, not-for-profit, industry-led and industry-managed organization. Founded in 1895, it has over 9,000 members, from private as well as public sectors, including SMEs and MNCs, and an indirect membership of over 300,000 enterprises from around 265 national and regional sectoral industry bodies.

CII also works with the Government on policy issues. It has been a catalyst of change in India's economic policy reforms. Centre for Excellence, CII helps the government fractions in developing capability and capacity field.

Considering the needs of the market, the cell organised a workshop on **Supply Chain Management and Logistics** domain featuring experts from **Confederation of Indian Industry (CII)** on 11th January 2019. Mr. Pugazhenthii and Mr. Karthigeyan were invited from the organization, for a career guidance talk with the students of the college regarding opportunities available in this sector of industry. Almost 100 students took part in the career seminar. It was an interactive session, with an ample time duration which benefitted the students in the ways possible.

5

ENTREPRENEURSHIP TALK

The cell organized an Entrepreneurship talk featuring experts from Centre for Entrepreneurship and Career Oriented Programs (CECOP). The Workshop aimed at improving students' entrepreneurial skills and guided them to follow their passion. It also helped them in understanding areas to establish their own start-ups. The talk was headed by Dr. S.Lakshmi Devi, Founder and Ex-Principal, Shaheed Rajguru College of Applied Sciences for Women. Director, Centre for Entrepreneurship and Career Oriented Program, University of Delhi. Ms. Monica Gupta, Founder, IBEES: a digital marketing company was also part of the talk. The talk helped the students in getting insights on the opportunities available for them in the related field with examples of successful entrepreneurs. 80 students took part in the workshop. more than the talk build the confidence of students of beleve their ideas and work upon them to make it a success.

TRAINING WEEK

As the months rolled by, there came a gradual awakening to the need of adequate training for students' from different backgrounds. With a diversity of courses in the college, additional training was imparted to help students develop values according to the industry needs. The Training week began on 1st March, 2019, and covered various domains as follow:

On 1st March, 2019 **Dikshant Education Centre** conducted a workshop for UPSC aspirants. The workshop gave the students a clear and wide image of the test. The session was followed by a scholarship test offered by the centre.

Centre for Voting Opinion & Trends in Election Research, (C-Voter), is an Indian international polling agency headquartered in Delhi, India. The firm provides opinion polls prior to elections in upper and lower houses of parliament. The cell invited **Mr. Yashwant Deshmukh, Founder and Managing Director** of C-Voter to help students of political interest to get insights of the field and understanding of election survey strategies. It polished students' view on exit polls and election analysis. It was scheduled on 5th March 2019 and got a footfall of total 80 students.

6

DIGITAL MARKETING WORKSHOP

Evaluating the change and strong hand of digitalisation in the industry, Training and Placement Cell invited **Mr. Nitin Karkara, Former Digital Marketing lead of South West Asia, Coco-Cola India Pvt Ltd.** He led the Samsung mobiles marketing and communication initiatives and started his own Digital Marketing firm in 2017. Mr. Karkara was invited to conduct a workshop on Digital Marketing, Growth Hacking and big data. The session also had a handful of information on Google AdSense and other Google analytics tools. It had a footfall of 60 students from different departments and was successful as Mr. Karkara insights and abilities were able to make students learn through practical ways.

INTERNSHIP OPPORTUNITIES OFFERED TO THE STUDENTS

For improving employability value in the students, the cell aimed to provide quality internships to the students. For this, the cell approached **Ministry of Social Justice and Empowerment** to recruit students for a 15 days' internship in **Dr. Ambedkar International Centre**. The internship was in 2 batches (1- December & 2- January). A total of 24 students completed their internships. The tenure was headed by reputed IAS officers and Member of Parliament. The opportunity created value in the students to work diligently and give the best of their abilities with a constant motivation to help the backward class of the society. The internship not only added to the moral value of the students, but also made them familiar with the government procedures.

Aspiring candidates from B.com (H) and BBE (H) contacted Training and Placement Cell to have internship which can give them exposure in product research domain. The team then invited K5 brand solutions popularly known as Loofre to offer internship in the college. Around 22 students were shortlisted for the internship. The organisation offered students stipend in kind and a completion certificate with a chance of full-time internship/placement in the company after graduation.

This year turned out to be successful in internships opportunities. More than 40 students were recruited by government institutions for internships including Ministry of Social Justice and Empowerment, Haryana State Infrastructure and Industrial Development Corp. and Department of Health and Sanitation, Government of Delhi. 10 Students were involved in NGO activities including Swacch Bharat summer internship. 22 students were offered an internship in Loofre wherein they were offered a stipend in kind. All the internship opportunities offered completion certificate and some of them also offered Letter of Recommendation.

PLACEMENT OPPORTUNITIES OFFERED TO THE STUDENTS

In the complicated world of employment and internship, the purpose of the Training and Placement Cell is not just to bring in potential employers, but also to curate attractive opportunities. The cell invited **Larsen and Toubro** for a pooled campus placement drive in collaboration with Hansraj College and Ramjas College of University of Delhi. Larsen & Toubro Limited, commonly known as L&T Limited is one of the largest Indian multi-national firms and leading Indian construction company. The company has business interests in heavy engineering, construction, manufacturing of capital goods, information technology, and financial services. The company offered various profiles such as: finance, accounts, taxation, project administration, industrial relations, purchase, stores, materials management, human resources. The first part of the screening process was held on 2nd February 2019 in the college campus. A total of 64 students attended the online test conducted by the company, which included 14 students from Ramjas College and 5 students from Hansraj College. The outcome of the test was 4 students from Maharaja Agrasen College were successfully recruited by the organisation.

8

The cell in collaboration with **Central Placement Cell (CPC)**, University of Delhi invited Wipro for its first screening test. Wipro Limited is an Indian multi-national corporation that provides information technology, consulting and business process services. The company offered profiles for students with science background. The test was organised in various slots over a course of 2 days. The test was given by more than 300 students. As a result of which 6 students have been successfully placed.

The cell conducted another screening test for commerce students for the **'Financial Analyst Pro-**

gramme' and Interviews for the '**People Ambassador Programme**' on 5th April, 2019, which were offered by the company as well. The company offered a 3-year programme in the field of Finance and Human Resource management while pursuing their higher education (EPGDBM) with Symbiosis International University. The job was offered in Bangalore, Chennai or Pune. More than 150 students were a part of the test. The process for the drive comprised of a Pre- Placement Talk followed by Online test to assess the employability of the candidates after which the shortlisted candidates appeared for the final interview round. The results are awaited. The contribution of each and every student paved the way to a well - managed and well - planned drive.

IGSeller is the World's First Social Commerce platform to smartly connect buyers & sellers across 200+ countries was invited in the college for profiles like web developer, software test engineer, data flow engineer, optimization engineer, technology trainer, web UI designer & mobile UI designer for the students with science background. For commerce and management students, firm offered profiles such as Management Trainee, Social Media Marketing, Mobile Marketing specialist, Web Marketing specialist, Sales Manager, Operations Manager and Human Resource with the eligibility criteria of 60% marks up till the 4th Semester. There were 58 applicants who applied on IGSeller app and the results are awaited. The company committed annual CTC of 7 lac.

First Partners - one of the premier corporate communications consultancies in India, conducted a placement drive in Maharaja Agrasen College which was met with high participation of final year students from various course who have interest in media management, text and audio spanning. The screening process has been initiated and results are awaited.

MyHQ is one of the largest workspace providers in Delhi-NCR. They reinvent existing cafes, lounges, co-working and office spaces to give the perfect affordable space to work, network and co-create from. The company offered a full time six-month long internship for final year students which will be followed by a full time job offer to the deserving candidates. The company offered a stipend of Rs.10,000 per month and committed 4.2 lacs INR Per Annum as the salary package for all the placed candidates.

Ministry of HRD had launched an **Apprenticeship Training Program** through Logistics Sector Skill Council to connect industry with general degree graduates. For this CII was invited in the college with the apprenticeship programme. Under this programme, the students will work extensively in the logistics and Supply Chain management area with guidance from the industry experts. CII shortlisted a total of 5 students from the commerce and management background.

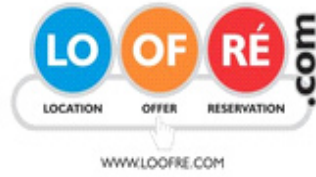

10

Setting positions and opportunities for our students is rarely as simple as making just a few calls and setting up an interview. Well known companies are looking only for the best to add to their ranks, and catching their eyes just is a matter of jumping through a few hoops for talented students, like our own.

It is to this end that team TPC contacted CoCubes, India's leading assessment and hiring platform provider. As luck would have it they were looking for Content development professionals which can easily be found in the Maharaja Agrasen College pool of talents.

The company offered Content development role to all the courses. Students with relevant skills were free to apply. The company planned an online test to all the candidates which was followed by personal interview. The company offered content development role to all the courses. The company planned an online test to all the candidates which was followed by personal interview. The results are awaited.

Loofre is a company based in Noida. It is one of the biggest location offer reservation dining & Wellness platforms in India. The training and placement cell as a part of its placement drive, invited the company to hold placements for the students of the college. This was met with high participation from the final year students. The results are awaited.

The TPC is continuously approaching companies to recruit students from the college and help the students kick start their career.

OUR JOURNEY

MR. YOGESHWAR SINGH

The students tried leaving no stone unturned in performing the functions of the cell with determination and responsibility but we need to keep working hard to change for the better. I hope that the students in future will work enthusiastically to take TPC to greater heights.

DR. SACHIN KUMAR

The Training and Placement Cell run smoothly. It has successfully managed to accomplish its aim of providing excellent training as well as placement opportunities for students of the Institution. This all come true only because of the tremendous efforts made by the hardworking and determined team. Kudos to the entire team!

DR. ANSHUL TANEJA

I feel exhilarated to see the Training and Placement Cell blossom further this year with productive training weeks as well as placements from corporate giants. This harvest has been made possible only through the ardent and assiduous efforts of my colleagues as well as the untiring and flaming zeal of the student co-ordinators.

DR. NIRAJ KUMAR

The Training and Placement Cell did a wonderful job and truly lived up to its aim of providing several placements as well as training opportunities to the students of the entire institution. It was a pleasure to be a part of such a brilliant team. I truly commend the efforts made by each and every member of the cell.

MR AMIT KUMAR

TPC has done a wonderful work in providing placements to the students of our college and organizing various training workshops. As the member of TPC, I appreciate the hard work of the student members and my colleagues of this cell for the smooth and efficient functioning.

DR. CHHAVI BHATNAGAR

TPC has a true vision for future endeavours for students. The student members are very dynamic and always prompt. TPC organized its events very efficiently, be it workshop, seminars or online tests showing great hospitality for the guests and experts who visited our college.

DR. KINGAULE NEWME

The Training and Placement Cell this year was truly revolutionary and strived to provide the best training and placement opportunities. This was achieved by a team who just refused to give up, and left no stone unturned to achieve its objectives. It was truly a commendable experience to work with such a competent team.

DR. RACHITA KAULDHAR

It gives me immense pleasure to be a part of the TPC which has always aimed at providing a better career prospective for the students through fruitful training programmes and placement drives. It was a wonderful experience and honour to work with such an energetic and responsible team.

13

MS. PREETI GOEL

Being a part of the Training and Placement Cell, and seeing the entire team working so tirelessly with team spirit and determination, is a remarkable experience in itself. Delighted to work with such a hardworking, progressive and dedicated competent team. I wish the entire team good luck for their future.

MR. VIKAS MITTAL

The Training and Placement Cell worked tirelessly the entire year for the betterment of the students of the institution to ensure that the best training and placement opportunities come their way. It was truly a wonderful experience to be a part of such a commendable team.

MR. ASHUTOSH JAISWAL

It was a learning experience to work with really energetic and hard-working team of TPC. The student members worked very hard in organizing placement drives and productive training drives as it gave a glimpse of the corporate world to the students and prepared them to face it with ease.

OUR JOURNEY

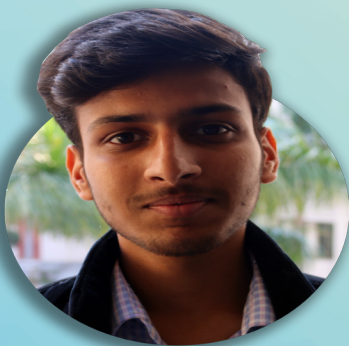

AYUSH CHAWLA

Working with the TPC has been a lifetime and a life changing experience. Being the President of the cell, I got first hand leadership and management experience while maintaining the mandatory balance between the cell and my studies. It demanded a lot from me but gave back so much more in experience. The journey has been wonderful and I would like to extend my thanks to the entire team and especially the mentors for making it possible.

MANSI CHELANI

Being there in the team, at the inception of placement cell, throws a lot of challenges your way. I got to learn a lot from my fellow team mates, especially not giving up on your team and taking every hindrance as a challenge. You brush up on your soft skills, learn from your mistakes and this prepares you for the corporate world, which is what TPC gave me. I'm so grateful to our mentor Mr. Yogeshwar, Dr. Sachin Kumar for not only motivating us, but also helping us on every way.

DEVAN GARG

Working with the TPC has been a learning experience for me. It has given me first hand management and experience. I was able to closely monitor and learn from my seniors, how the placement process works and how should we prepare ourselves for the same. Not to mention the corporate exposure and communication skills, I have been able to develop.

AKSHAY GAUR

One of my best decisions in college was to associate with the Training and Placement Cell. The environment provides huge growth opportunities, peer learning and emphasizes on the importance of team work. Training and Placement Cell turned out to be the most appropriate avenue to help build my leadership skills. The encouragement and support from our teacher coordinators to participate in decision-making helped me and a few other members take the initiative and carry out the events successfully.

As this session gets over, my only request to the future members of this cell would be to continue the legacy forward and personally reach out to the students from various courses, analyze their requirements and make the right options available to them.

AKSHAY DEVGUN

At the beginning of the college, I could have never imagined myself doing the things required for the Training and Placement Cell. Training and Placement Cell offers a lot of opportunities to grow in terms of managerial and leadership skills. It's always a great learning experience to work with other like-minded students. You also get to know some current trends of the industries and to work under certain extreme pressure. I would also like to thank all the professors associated

with the Cell for their continuous guidance and support.

KRITI RATHI

I feel honored to have been a part of the Training and Placement Cell. It has given me an insight of how any organisation works and the dedication and hardwork that is required by every member. It is us, who can either make or break. I feel really happy to have been part of a team where every person supports and helps each other. TPC has come a long way in the past year and I can only see better things on the way.

15

KESHAV MUDGAL

Training and placement cell helped a lot in building my personality. Along with giving practical knowledge of the corporate world it also helped in improving my communication skills. Overall it was a great experience working with TPC.

MEET GARG

Working with TPC has been a learning experience for me. I learnt co-ordination, teamwork and time management. It gave me an understanding of corporate culture. The exposure it has given me is unmatched.

AYUSH MUNDHRA

It was truly a remarkable & memorable experience, working in The Training & Placement Cell. The time spent here has been full of learning opportunities filled with fun, frolic as well as intellectual experiences. Being a member of the TPC gives you the necessary exposure and makes you a competent person to face the challenges of the real world.

Raag Verma

Since the very moment I became a part of the TPC, it felt like becoming the part of a family. A family where all the members work together in an environment, that is full of integrity, positivity and zeal to ensure that they live up to the expectations of the institution. It was truly an honour to work with such motivating and positive people, and I truly felt that everything the team did together, exuded integrity and team spirit.

R. ANANYA

The journey in the Training and Placement Cell involved a gradual learning curve with every stepping stone a rock edict of experience, wisdom and was blessed with supportive seniors. To survive in the cut throat corporate world, communication skills are indispensable, but here, they make sure you are ooze with confidence once you are on your own and also the importance of team work and leadership and seamlessly imbibed the practice of leading as well as working together.

PRATEEK SHUKLA

It gives me immense pride to state that working with the Training and Placement Cell has been a great experience. The highly hardworking and enthusiastic team gave me an enriching experience and motivated me to contribute to the smooth functioning of the Training & Placement Cell. We were able to get insights into the corporate World and inculcate a professional attitude under the guidance of our seniors and professors.

16

ABHIN VOHRA

TPC provided me with a wonderful exposure of practical world. Working in a team and as a team taught me how to manage things efficiently.

SHREYA GARG

TPC showed me the real importance of working as a team. My respected teachers and hard-working seniors helped me at every stage and always motivated me to give my best. My experience was truly wonderful and I learnt practical management skills that will stand by me throughout life.

HARSHIT GARG

Working in the Training and Placement Cell has been a great experience. Learning various aspects about conducting placement drives and organising events with professionalism helped me in enhancing my business communication skills.

ABHISHEK RANJAN

Being a part of team of the TPC, I learnt a lot from my colleagues and faculty. Managing various workshops and sessions has helped me in polishing my professional and technical skills. I would like to thank the team for providing me such an exposure. This truly wouldn't have been possible elsewhere.

NAVJOT SINGH BAJAJ

Working in the Training and Placement Cell of Maharaja Agrasen College, University of Delhi, was a great opportunity for me. All my teachers and teammates were extremely supportive and helpful. They always motivated me to work efficiently and affectively. They always gave opportunities that helped me in enhancing my skills. I thank the members of TPC for that. I worked as a team member in TPC and always try to give my best. I am proud to be a part of the team.

SURYANSH MISHRA

The Training and Placement Cell has provided me immense knowledge about the corporate world through various workshops and Placement drives. I have learnt and nurtured various new skills. I could surely say that the values imparted through this journey would not only help me to achieve my goals but help me face the challenges as well.

GARIMA NAGPAL

Being a part of the Training and Placement Cell meant a plethora of opportunities to showcase your best managerial skills. Moreover, It helped us inculcate a sense of team spirit and taking a professional approach towards the work we do. These learnings would undoubtedly help me through life.

RUDRANSHI VISHNOI

The Training and Placement Cell gave me a platform for overall development. Working with the team of TPC was a very memorable and learning experience and it's always good to be in the company of dedicated, and motivated people.

AKASH SEHDEV

Being a part of the Training and Planning Cell, gave me an opportunity wherein I learnt how to manage an event successfully. My overall experience was excellent as it taught me the quality of being productive and effective in difficult situations.

YASH KUMAR

I learnt a great deal about placement procedures, communication skills, CV building, etc. during my time in TPC. My colleagues and teachers in TPC have been a constant support. Overall, it was a great learning and positive experience to work in TPC.

PRACHI GAUTAM

I always appreciated the opportunity TPC has given me to work in a pleasant, multicultural environment. I am proud to be a part of the team. It has helped me to discover my skills. I worked as a team member in TPC and always tried to give my best in managing the sessions and workshops with punctuality and sincerity.

BHARGAVI AGRAWAL

I have always appreciated the work ethic inculcated in me while in TPC as it has always helped me grow in a cadre. Due to the efforts made by the faculty of TPC, it became a place for learning and managing the things, waving off all the difficulties by assimilating the ways to fathom complications. Looking at the happy faces of the students, applying for the job of their choice provides gratification and a sense of regard for the team, which works hard to get the placements down on the table.

SHUBHAM GUPTA

Training and Placement Cell is one of best things that has happened to me in the college and it taught me team work and time management. Great learning experience under teachers and senior members.

RITWIK DHAPOLA

Working in the Training and Placement Cell has been a good experience. The core motive of adding value to the careers of multiple students, a goal with which we began more than a year ago has been achieved to a certain degree.

SHIVALIKA VERMA

Had I known earlier that the Training and Placement cell will give me this concomitant opportunity to add up to it's accomplishments, I would have worried less about how the future may unfold during my initial days in college. Working together with these pragmatic people made it much easier for me to perceive the true aspect of team work, self-assertiveness, time management and PR skills. I'll always be in debt of this glorious team and our teacher incharge for giving me this platform. I hope, that our performance time graph peaks exponentially.
